INDIAN JOURNAL OF CANCER

Index to Volume 14, 1977.

SUBJECT SECTION

Adrenal Cortical Carcinoma, non-functioning (December) 364

(Peri) Ampullary Carcinoma, clinico-pathological study (December) 325

(Peri) Ampullary Carcinoma, Pancreaticoduodenectomy for (December) 329

Benzene, Thiophene free, effect of subcutaneous injection of, on mouse epidermis, an electron microscopic study (March) 10

Bladder Tumours in North India (June) 122

Blood groups in Cancer in Assam (March) 6

Book Review (September) 288 (December) 375

Bone tumour, giant cell, radiated (September) 241

Brain tumours (especially gliomas) — in vitro behaviour (September) 225

Breast, Cancer, biochemical studies in, (March) 38

Breast, Cancer, determination of response to hormones (December) 313

Breast, Cancer, elastosis in, (December) 307

Breast, Cancer, imprint cytodiagnosis (September) 195

Breast, Cancer, serum xanthine oxidase in (December) 317

Breast fibroadenoma infarction of (June) 154

Breast, haemangiosarcoma (June) 182

Breast, pedunculated fibrous paplilloma (December) 373

Carbohydrates, cell surface, ultrastructural aspects of (December) 300

CB-1954 (5-Aziridinyl-2, 4-nitrobenzamide), response of human tumours in Vitro, to, (March) 132

Cervix Uteri, carcinoma of (March) 1

Cervix Uteri, carcinoma with pregnancy (December) 340

Cervix Uteri, microinvasive (Stage Ia) Carcinoma, (September) 189

Copper, Serum, assay as a biochemical marker to assess response to therapy in Hodgkin's Disease (December) 320

DNCB skin test in cancer patients (December) 351

Editorial (Indian Association of Oncologists) (December) 291

Epidermis, mouse, electron microscopic study of, after injection of Thiophene Free Benzene (March) 10

Epidermic, mouse, sequential ultrastructural alterations in, after injection of 20 Methylcholanthene (March) 18

Eosinophil Count as a monitor during radiotherapy (March) 97

Eosinophilic Granuloma (March) 92

Fibrosarcoma, chemically induced, in mice (December) 345

Fibrosarcoma, from renal capsule (June) 179

Fluorodinitrobenzene tagged leukocytes, electrophoretic mobility of (September) 200

Giant cell tumour of bone, radiated, histopathological study (September) 241

Hemangio-Endothelioma, infantile, of liver with congestive cardiac failure (December) 370

Haemangiosarcoma of breast June) 182

Hamartoma, lymphoid, September) 278

Hodgkin's Disease, a clinicopathological study of 300 cases (September) 249

Hodgkin's Disease, serum copper assay as a biochemical markar to assess response to therapy (December) 320

Immunity, cell-mediated, in mice bearing solid sarcoma (March) 75

Inguinal node dissection, radical, through bipedicled flap (June) 126

Intracavitary therapy, afterloading system in (December) 335

Isoamylases in diseases of lung (June) 151

Isoenzyme Aldolase, in primary hepatocellular carcinoma (June) 145

Kidney capsule, fibrosarcoma of (June) 179

Kidney, Leiomyosarcoma (September) 284

Laparascopy, value of, for examination of liver in oncology (March) 25

Leiomyosarcoma of kidney (September) 284

Leukaemia, acute, Chromosome abnormality involving E. group chromosome (March) 81

Leukaemia, acute, lymphatic and chronic myeloid, LDH evaluation (March) 42

Leukaemic, cells, electrophoretic mobility of (September) 200

Leukaemia immunoblastic (September) 281

Leukaemia, myeloid, chronic — colony stimulating factor in leukocyte conditioned medium derived from, (September) 206

Leukaemia myeloid, chronic, extramedullary blast crisis (September) 272

Leukaemia, LDH in, (March) 42

Liver, hemangio-endothelioma, infantile, with congestive cardiac failure (December) 370

Liver, laparascopic examination of (March) 25

Liver, primary carcinoma, aldolase isoenzyme pattern in (June) 145

Lung, cancer in relation to bidi smoking (June) 115

Lymph node, imprint smear (June) 157

Lymph node, inguinal, radical dissection through bipedicled flap (June) 126

Lymphangiosarcoma associated with filarial lymph oedema (June) 176

Lymphoblast transformation in malignancy (March) 87

Lymphocyte from cancer patients in Vitro behaviour of (June) 211

Lymphocyte stimulation, effect of thyroxine on (December) 361

Lymphocyte, T-cytotoxic, in tumour bearing animals (December) 354

Lymphography in management of lymphomas (September) 256

Lymphography, with tomography for malignant tumours (September) 262

Lymphoid hamartoma (September) 278

Lymphoma, L.E. Cells and M. Protein in (June) 169

Lymphoma, lymphography in management of (September) 256

Melanotic neuroectodermal tumour in infancy (March) 101

Meninges, reticuloendothelial tumour of (March) 33

20-Methylcholanthrene, sequential ultrastructural alterations in the mouse epidermic after injection of (March) 18

Nasophyryngeal teratoma (December) 367

Neuroectodermal, melanotic tumour in infancy (March) 101

Oral Cancers, LDH evaluation in (March) 50

Oral and pharyngeal cancers and smoking and chewing habits (December) 293

Osteosarcoma, LDH evaluation in (March) 50

Pancreaticoduodenectomy in Peri-ampulary carminoma (December) 329

Periampullary carcinoma, a clinico-pathological study (December) 325

Peri-ampullary carcinoma, Pancreaticoduodenectomy in, (December) 329

Plasma Proteins in normal and tumour bearing mice (March) 64

Platelet granules under normal and leukaemic conditions, effect of non-steroidal anti-inflammatory and annalgesic drugs (June) 141

Radiosensitization of hypoxic cells by chemical drugs (September) 269

Registry, tumour (Hospital) (June) 111

Saccarin, mutagenicity of (September) 232

Salivary gland diseases, studies of isoamylases in March) 58

Sarcoma, immunofluorescence studies on cell lines derived from (March) 70

Sarcoma, solid 180 in mice, evaluation of cell-mediated immunity in, (March) 75

Stomach cancer, unusual presentation (March) 105

Superior Mediastinal Syndrome due to a large thymic tumour (June) 172

Teratoma, Nasopharyngeal (Dec.) 367

Thymoma (September) 235

Thymoma, producing superior mediastinal syndrome (June) 172

Thyroid carcinoma, differentiated, place of total thyroidectomy in (June) 129

Thyroxine, effect of, on lmyphocytic stimulation (December) 361

Uterus, adenocarcinoma, radiotherapy in, (June) 164

Uteri Cervix (please see Cervix Uteri)

Urethan-DNA and N-Hydroxyurethan complex, in Vitro transformation of human cells by, (September) 216

Urethane, effect of, on Swiss Mice lubg tissue in organ culture (June) 136

INDIAN JOURNAL OF CANCER
